Protocol to Unwrap Priority Standards

Directions: To unpack priority standards, answer the following questions.

1. **What priority standard (or standards) are we targeting?** Record the priority standard in the space provided.

2. **What will students need to do to be proficient?** Find and capitalize (or circle) pertinent verbs in the standard. The verbs—together with the content and context (step 3)—pinpoint the exact skills students need in order to achieve proficiency in this standard. List the verbs in the space provided.

3. **With what content and context will students need to apply these skills?** Find and underline the nouns and phrases that represent the content and concepts to teach, and list them in the space provided.
