Solution Tree

PROFESSIONAL DEVELOPMENT THAT INSPIRES RESULTS

Solution Tree events deliver a wealth of ideas, strategies, and practices proven to work in real classroom, school, and district settings. Join us to build your professional capacity, find new solutions, and connect with a network of peers who will support you on your journey as a K–12 educator.

Our Promise

No other professional learning company provides our unique blend of research-based, results-driven services that improve learning outcomes for students.

Designate (don't forfeit) your ESSER funds

Right now, billions of dollars in ESSER II and ESSER III (Elementary and Secondary Schools Emergency Relief) funds remain on the table for schools and districts to spend on qualified resources and professional development.

Our team is ready to walk with you through the planning and implementation of your funds. Our research-based solutions are ESSER II/III aligned and have proven track records for sustained, substantive school improvement.

But it's important to act now because this funding won't last. The deadline to designate ESSER II funds is September 30, 2023. The deadline for ESSER III funds is September 30, 2024.

A learning experience **WORTH SHARING**

Educators reveal why they find Solution Tree events so meaningful

What a great learning experience this week during Math PLC Summit! Now to put learning into practice. Thank you @SolutionTree and thank you @shannonsimonds for bringing us together! #CCISDICS

—Cindy K.

We attended our 1st @SolutionTree RTI 2 years ago. It revolutionized our daily practice! We think you're GREATNESS! We are BETTER because of you and your work!

—Michael M.

Great session by @PaulaMaeker at the Summit on RTI!! It starts with Question #1 - What do we want students to learn?

—Terri B.

School leaders from URHS have been in Salt Lake City this week at #plcatwork training. We're energized to support the learning of ALL students and ALL members of our professional learning community!

—Unity Reed High School

PLC at Work Conference started today! I really enjoyed learning more about what a PLC actually is and what it looks like. Learned some great stuff that hopefully we can bring back this year and reaffirmed that what we have been doing does work.

—Kari Lynn H.

Thank you Solution Tree for providing us with great information and positive sessions focusing on collaboration, commitment, and teamwork!

—Hillcrest Huskies

This week has been nothing short of amazing and we have learned so much. I'm beyond thankful for this opportunity and the plethora of knowledge I've gained, as well as the connections I've made with my team!

—Kayla M.

If you haven't been to a PLC At Work conference you are missing out.

—Josh T.

SIX CAREER-CHANGING EXPERIENCES AWAIT YOU

Summits

Gain new knowledge and momentum to achieve your goals. Keynotes from internationally acclaimed authors offer big-picture ideas for implementing and sustaining research-based best practices. Our summits are ideal for district leaders, building administrators, teacher leaders, and teachers.

Institutes

Focus on crucial challenges in education. A variety of keynotes and breakout sessions offer meaningful content and practical solutions. Your district and school teams will gain foundational knowledge and then deepen that understanding throughout the event. Panel discussions and role-alike networking groups offer unique opportunities to connect with expert practitioners.

Workshops

Get hands-on training in a small group setting. Attend as a team and come ready to work collaboratively. Participants receive two days of solutions-focused learning. The intimate size of workshops ensures personalized support from experts who have achieved success with the strategies they present.

PLC at Work® *LIVE* Institutes

Invite your entire staff to participate in one of our key institutes—no travel required. A Solution Tree *LIVE* Institute is a full PLC at Work® Institute streamed to a location of your choosing. These institutes feature leading experts delivering keynotes and breakout sessions designed for maximum impact. This could be the most cost-effective investment to train your entire team this year.

Wired Events

Create a learning experience that fits your schedule and your needs. This on-demand option allows you to build a customized event by streaming recorded Solution Tree event sessions from our most sought-after experts. You can also choose one of three Model Agendas that offer specially curated videos designed to support you wherever you are on your school improvement journey.

Portable Event Packages

Bring the powerful tools and strategies of a PLC at Work® or RTI at Work™ Institute directly to your personal device. Attendees receive unlimited 60-day access to keynotes and breakout sessions of your choosing—as well as a virtual team time guided by a certified expert. The Portable Event Package is also a convenient way for individuals to earn CEUs.

Develop, sustain, and **retain successful teachers**

To achieve effective instruction, teachers need skills that drive student achievement. Instructional coaching is the most effective way to drive new competencies in the classroom. With our Effective Coaching Institute, teachers can learn how to effectively apply a multitiered system of supports in their classrooms, and districts can begin to measure the effectiveness of their coaches and monitor educator improvement.

During this event, you will:

- Discover the importance of coaching as an essential component of effective teaching
- Understand the practical research around job-embedded adult learning
- Acquire research-based, high-impact strategies to improve teacher effectiveness
- Understand how to intentionally shift from coaching individuals to coaching collaborative teams
- Acquire tools, processes, and products for coaching collaborative teams
- Practice strategies for building transparency, feedback, clarity, and collaboration
- Examine your own role as a coach and learn how to influence systemic school improvement

Effective assessments for student success

Learn from keynotes and participate in breakouts packed with tools, tips, and templates for successful instruction and assessment. Gain strategies to ensure every student can answer these questions: "Where am I going and why?" "How am I doing?" "Where to next?"

This event will help you

- Develop a balanced assessment plan for your school or district to ensure student investment in their own learning, frequent and specific feedback, gap analysis, improved instruction, and collaboration
- Acquire the skills to refine traditional lessons into standards-based lessons with clear learning targets
- Gain strategies to help students really understand classroom expectations and how their success will be measured
- Discover how to build common formative assessments and analyze the data to both remediate and extend instruction

Rekindle your flame; **be a light for your students.**

Our daily wellness and well-being as educators can be elusive. Based on the combined research-affirmed works of Dr. Timothy D. Kanold and Dr. Tina H. Boogren and their book, *Educator Wellness*, this timely institute will help focus your time, energy, routines, and actions on strategies to avoid the physical, emotional, and relational burnout that educators often face.

This event will help you

- Develop strategies for bringing your best self to work each day
- Prioritize routines for your physical, mental, emotional, and social wellness
- Examine research-affirmed strategies to avoid prolonged stress, exhaustion, and burnout
- Utilize a robust self-rating protocol to identify wellness routines
- Learn and grow with colleagues to share wellness practices that influence student achievement

Level up learning for all

Learn how you can get all students on track for grade level and beyond by focusing collaborative team actions in a Professional Learning Community at Work® and teacher instructional practices. Don't miss this opportunity to network with renowned authors, thought leaders, and practitioners with proven track records of accelerating learning.

This event will help you

- Understand the rationale for shifting from remediation to an acceleration model for ALL students
- Examine ways to build a learning-centered culture of collaboration
- Build a strengths-based response to teaching and learning
- Examine teacher teams' actions that lead to significant increases in achievement
- Leave with newfound hope and a sense of collective efficacy that shouts, "We can do this!"

Integrate SEL for student success

Social-emotional learning doesn't have to take away from academics but rather can be a vital part of daily instruction. Bring your team to explore SEL systems and structures that benefit the entire school, as well as strategies teachers can immediately integrate in their classrooms.

This event will help you

- Acquire processes to engage students authentically and build deeper relationships
- Learn new ways to integrate SEL into academic content
- Understand how to construct successful behavior intervention processes at each behavioral tier
- Implement culturally responsive, restorative, and trauma-informed teaching strategies

Create a positive, student-centered learning environment

Only after honestly and openly examining a school's current reality can staff begin creating a positive school culture and climate. Join Dr. Anthony Muhammad and a slate of expert practitioners who will guide you in the challenging, results-oriented work of culture change that will significantly benefit students, educators, and the entire community.

This event will help you

- Acquire practical strategies for improving inclusion for traditionally marginalized students (i.e., race, language, culture, disability, and poverty)
- Understand the role of teacher leadership in improving school climate and culture
- Learn how to create shared commitment for student success
- Explore the connection between a positive school culture and vital changes in teacher education and practice
- Investigate the principal as a moral leader and protector of culture
