"All throughout the conference, I felt treated like a professional. Though the speakers and breakout sessions challenged us to shed bad practices and gave us the tools to embrace new ones, it was never done in a way that shamed us along our journey. Instead, it empowered us with the tools necessary to go back and begin to shift our focus from teaching to learning."

—Nicholas Martin, teacher, Mirage Elementary School, Arizona

"This was the best PD I have ever received. Every minute of the three days was action-packed and well worth it for the learning that took place. Thanks so much!"

—Matt Bennett, dean of students, Gilbert Public Schools, Arizona

"I loved that everything was thematic, in the sense that one day the keynote set the stage for all the breakout sessions. I also love that each session and keynote is interactive."

—Jedidah Jackson, teacher, Estacada Middle School, Oregon
