

Chapter 1 Discussion Questions for Reflection and Action

As a team, discuss the following questions.

- What is acceleration and why is it necessary?
- What are the key differences between *remediation* and *acceleration*?
- What about the current mindset and culture of your school and district community need to change?
- How do the current practices of your teachers, collaborative teams, leadership team, students, and community members support acceleration?
- Which mindset will be most easy to shift? Why?
- Which mindset will be most challenging to shift? Why?
