**Collaborative Team SMART Goal-Setting Reflections**

**Directions:** Review your short-term SMART goals for the unit's essential learning standards.

1. How should your team respond to the success demonstrated in the data results (such as figure 3.13, on page 165)?
2. In what ways does your team define its expectation of student success prior to implementing the next unit?
3. How will your team respond to the students who did not achieve proficiency in this unit?
4. What SMART goals has your team set for the essential learning standards in the next unit? Why?
