

## Tool for Student Self-Assessment and Feedback

**Directions:** Review your test and complete the following.

**Name:**

**Date:**

**Class:**

1. I did well on these standards . . .
  
2. What does the test tell me about what I do well?
  
3. I did not do well on these standards . . .
  
4. What does the test tell me about what I still need to learn?
  
5. Did all of my answers make sense?
  
6. Did I show all of my work and check my answers for each problem?
  
7. I am still confused about . . .

**Which standards do I still need to learn?**

**What will I do to learn them?**

**What did I learn this time that I will apply to future mathematics tests?**
