

**Figure 3.15: Generic Task Rubric**

	Minimal	Basic	Proficient	Advanced
<b>Process</b>	Process is attempted but inaccurate.	Process is incomplete, difficult to understand, or lacks mathematical sense.	Process demonstrates a clear understanding of the problem.	Process demonstrates a clear understanding of the problem and is efficient.
<b>Communication</b>	Communication is attempted, but clear understanding of problem is not evident.	Early stages of understanding exist, but there is not enough evidence to determine accuracy.	Communication is accurate, mostly clear, complete, and sensible, using pictures, symbols, writing, or words.	Communication is accurate, clear, complete, and sensible using pictures, symbols, writing, or words.
<b>Answer</b>	No clear answer is given.	Answer is apparent but inaccurate.	Answer is accurate.	Answer is correct and accurately labeled.
