

Figure 8.5: Intervention Team Worksheet

Intervention Team Worksheet
Student Name: _____
Grade Level: _____
Date of Intervention Team Meeting: _____
Design Considerations for Each Student Needing Tier 3 Interventions (Be specific as to the team's outcome or decision.)
For this student, what specific skill or behavior deficits do the data indicate?
What are the intervention strategies or programs to address these specific skill or behavior deficits? (When possible, use research-based strategies.)
What are the intervention delivery grouping and scheduling to ensure the necessary time and intensity to accelerate learning?
Who will provide remediation during Tier 3 intervention time? (Most qualified available)
What are the data to be reviewed, the method for collecting the data, and duration between data points for progress monitoring (for example, progress monitoring bi-weekly using a running record)?
What are the expected outcomes of Tier 3 intervention and the specific goals that this student will be striving to meet?
What are the schedule and process for intervention and core teachers to collaborate regarding this student's progress and strategies?
