

## Table 3.1: Leadership Team and Intervention Team Tier 3 Responsibilities

Tier 3 Action	Leadership Team	Intervention Team
Identify students for Tier 3 interventions and determine targeted needs.	<p>Ensure a systematic and timely process is in place to identify students to refer to the site intervention team.</p> <p>Ensure the intervention team membership has the expertise needed to address both academic and behavioral concerns.</p> <p>Ensure principal participation, implement efficient and timely communication with the intervention team, and locate and provide resources to accelerate student learning.</p>	<p>Analyze pertinent data, solve problems, and determine the cause of the gaps in learning essential skills for students referred to their team.</p> <p>Ensure key staff participation, implement efficient and timely communication with the leadership team, and prioritize necessary and available resources.</p>
Prioritize resources and ensure proper intervention intensity.	Consider schoolwide needs and prioritize resources to ensure it can meet the needs of students with the greatest learning challenges. Ensure the best resources available for Tier 3 interventions.	Analyze data, solve problems, and determine students' targeted needs. Target interventions to the causes of students' challenges, and ensure these interventions are implemented with the time and intensity necessary to close learning gaps.
