

## Survival Guide Advice

What do you wish you'd known when you started this year? Create a survival guide for next year's students by replying to the following questions. Be creative, if you want to, by including pictures.

What are your best study tips?

What are the best ways to organize your locker?

What clubs, sports, and activities do you recommend?

What are the top-five things to know about this teacher?

What are you excited to learn?

How can you deal with parents?

What are your best fashion tips?

What are the best classes at school?

What are the best things about being at school?

Add anything else you think will help students next year.
