

Chapter 3 Reflection Questions

Teachers may reflect on the following questions, either individually or as a collaborative team. Their answers will inform their next steps.

- What is my biggest takeaway from this chapter? What immediate action will I take in my classroom?
- How can I incorporate more student-to-student, student-to-self, and student-to-teacher feedback opportunities?
- What are some ways to ensure effectiveness *and* efficiency with my feedback?
- What attributes of high-quality feedback do I use confidently? What growth areas exist?
- Are my feedback methods meeting my students' behavioral needs? Are there any changes that would better address those needs?
