

## Caring Collaboration Questions for Discussion

1. Describe your most successful experiences with team collaboration.

2. What are the barriers to effective team collaboration?

3. What is one thing you have learned in the past year that was new to you? How did you share that insight with your colleagues?

4. What is something that you believed was true about teaching and learning five or ten years ago but now know is no longer true?

5. What are the characteristics of the best professional learning you have experienced? How can that experience be replicated in the future?
