

Caring Governing Boards Questions for Discussion

1. What, if any, personal interactions have you had with school board members? To what extent were those interactions related to the daily realities of classrooms and schools?

2. How does your school board protect faculty and staff from abuse during public comment periods and on social media? What policies have they created to guarantee respect and protection for staff members?

3. How have you been engaged in school board elections? What restrictions, if any, have been imposed on you as a school employee in public advocacy for matters that come before the school board?

4. How does your school board hear about success stories from your school?

5. How are students' voices represented in your school board meetings?
