

How to Capture Student Outcomes and Thinking Through Assessment

Use this template to capture student outcomes and thinking through assessment.

Assessment Question:	
Steps	Revisions
1. Revise the question to self-critique.	
2. Revise the question to make student thinking visible. (Move beyond "Explain your work.")	
3. Revise the question to be self-challenging.	
4. Combine elements of these three steps to create a new question.
