Use this template to create goals for your school's future work, yearly goals, and associated projects.

<p>Long-Term Goals (Ten Years or More)</p> <p>Goals are enduring and should not change often and act as a lighthouse, guiding school or district actions.</p>	
<p>Short-Term Goals (Three to Five Years)</p> <p>Initiatives are multi-year changes you hope to accomplish. Initiatives should align to your goals.</p>	
<p>Immediate Projects (Within One Year)</p> <p>Projects are one-year commitments to change. Projects are tasks that are viable for staff within one school year.</p>
