

Tool 20: Preassessment

Student Directions: Fill out a questionnaire to show what you already know about the upcoming topic.

Name: Date:	Skill:
Questions or prompts:	Student response prior to instruction:

Customization. Work in a small group with English-language learners and other students who may not be able to participate in a written preassessment. Instead of assessing their reading proficiency, go through the questions orally in order to determine students' readiness for the specific learning target. Use visuals and examples for students who are not fluent with the English language.
