Figure 1.8: Success Tool—Expertise Analysis

Instructions: Record the name of each team member and their job. Then, have each team member share the areas of expertise to which they can contribute. Next, determine what other expertise is needed and who you might ask to support the team. You may want to ask each team member to complete this in advance and summarize the input as a team.

Team Member	Job	Expertise
Other Expertise Needed	Who Can Help	Who Can Gain Their Support
Other Expertise Needed	Who Can Help	Who Can Gain Their Support
Other Expertise Needed	Who Can Help	Who Can Gain Their Support
Other Expertise Needed	Who Can Help	Who Can Gain Their Support
