

Standard 10: Plan-Ahead Chart

To get a clearer perspective on the next steps, consider your do and avoid chart as you complete the following plan-ahead chart. The work of standard 10 prepares you to achieve sustainability.

Instructions: Use the information from chapter 10 to identify your and your team's next steps to complete each action.		
Actions	Person or People Responsible	Due Date
Focus on coherence to check alignment and integration of goals, strategies, actions, and systems and to ensure all efforts work together to support student success. (Consider the three key components of mature and aligned efforts on page 191.)		
Explore the stages of implementation (see page 192) to increase your chances of success. (Use the Collaborative for Implementation Practice and NIRN resource "Implementation Stages Planning Tool"; Collaborative for Implementation Practice, n.d.).		
Transfer ownership to sustain the work. (Use the suggested actions on pages 194–195.)		
Evaluate the work to celebrate successes and take any corrective action needed to achieve goals. (Consider gains, goal accomplishments, and return on investment on page 195.)		
Use the define, promise, deliver, and remind protocol (see figure 10.2, page 197) to demonstrate your value in meeting goals.
