2. Analyze Standards: Learning Targets or Goals in "I Can" Statements
Standard:
Extension Learning Targets or Goals: These goals allow students to go beyond the standard by applying the skills in new contexts.
Grade-Level Learning Targets or Goals: These goals focus on the essential skills and knowledge from the standard.
Prerequisite Learning Targets or Goals: These are foundational skills students should have before mastering the on-standard goals.
Elementary Example of Clarifying the Meaning of Learning Goals
To ensure that the learning goals are clear, team members can break down each goal into "this means" statements, outlining what students should demonstrate to show mastery.
