

Assess Your Formative Assessments

Assessment name or topic:		
Does this assessment:	Yes	No
Have specific goals for learning and criteria for success? (share these with learners)		
Make clear to students where they are successful and where they need help?		
Provide a way for students to find out how to get better at what they're doing?		
Empower students to engage with the learning alone or collaboratively to grow?		
Allow students to see the big-picture trends and the details available?		
<p>If you answered no to any of the preceding questions, what adjustments do you need to make to this assessment to make it more effective? How can you adjust rapidly, revise, or redo a lesson to ensure students get it?</p>
