

## Figure 9.1: Essential Learning Chart

**Instructions:** Working in collaborative teams, examine all relevant documents, Common Core State Standards, state standards, and district power standards, and then apply the criteria of endurance, leverage, and readiness to determine what standards are essential for all students to master. Remember, less is more. For each standard selected, complete the remaining columns (that is, Description of Standards, Example of Rigor, Prerequisite Skills, When Taught, Common Summative Assessment, and Extension Standards). Complete this chart by the second or third week of the instructional period (semester).

What Is It We Expect Students to Learn?					
Grade:	Subject:	Semester:	Team Members:		
Description of Standard	Example of Rigor	Prerequisite Skills	When Taught	Common Summative Assessment	Extension Standards
