Figure E.1: Our Greatest Hits From the School Year

Directions: Think about the work you've done this year and consider the following questions.

- What were some important lessons you learned?

- What work did you do that you are most proud of?

- Of the work we did together this year, what would you most like to share with others?

Review assignments, your writing and moments from class this year—discussions, comments from your peers, moments of insight, and others.

After reflecting, what are three pieces you might like to share?
