

CULMINATING PERFORMANCE TASK RUBRIC

Score	Description
1	Does not meet expectations. Learner goals are not challenging or not achievable. The learner did not utilize strategies to leverage strengths and overcome struggles. The performance task response is missing elements of completion or does not demonstrate an attempt to share self-aware insights.
2	Partially meets expectations. Learner goals are somewhat challenging or achievable. The learner utilized some strategies to leverage strengths and overcome struggles. The performance task response addresses all elements of the assignment but without evidence of new self-aware insights or without elaborating on the insights by providing sufficient evidence from the ongoing unit work.
3	Meets expectations. Learner goals are challenging and achievable. The learner utilized strategies to leverage strengths and overcome struggles. The performance task response addresses all elements of the assignment and demonstrates new self-aware insights and elaborates on them by providing evidence from the ongoing unit work.
4	Exceeds expectations. Learner goals are challenging and achievable. The learner utilized many strategies to leverage strengths and overcome struggles. The performance task response addresses all elements of the assignment and demonstrates multiple or significant self-aware insights and elaborates on them by providing extensive evidence from the ongoing unit work.
