Figure 2.4: Norms or Working Agreements Activity

Directions: Take a few minutes to review the norms or working agreements. Are there any agreements that are missing, that need revising, or that should be deleted? Switch from "editing" mode to "suggesting" mode and make those changes in the column to the left.

Then, answer the following question: What would it look like and sound like if the group was meeting the norms or working agreements? Share those standards in the column to the right.

Norms or Working Agreements	Meeting Standards
