

# Mathematics Reciprocal Teaching—Graphic Organizer

Group members: \_\_\_\_\_

The graphic organizer is a vertical flowchart with four main steps. Step one is 'Predict', shown in a cloud shape with a thought bubble leading to a box containing two questions: 'What's the big question?' and 'What will the answer sentence be?'. A large grey arrow points from the cloud to Step two, 'Clarify', which is in a rectangular box. Step three is 'Question and solve (on the back)', shown in a long horizontal arrow shape pointing right. Step four is 'Summarize', shown in a large rectangular box with a downward-pointing arrow at the bottom.

**Step one: Predict**

What's the big question?

What will the answer sentence be?

**Step two: Clarify**

**Step three: Question and solve (on the back)**

**Step four: Summarize**
