

# Math Word Bingo Clues

<b>1</b> One <u>quarter</u> of four	<b>2</b> The <u>quotient</u> of twelve divided by six	<b>3</b> Six, nine and twelve are <u>multiples</u> of this number	<b>4</b> The number of <u>sides</u> on a <u>quadrilateral</u>
<b>5</b> The number of edges on a pentagon	<b>6</b> The <u>divisor</u> in twelve divided by six	<b>7</b> Two times three then add one	<b>8</b> The number of sides on two rectangles
<b>9</b> The number of <u>vertices</u> on three triangles	<b>10</b> The fifth <u>multiple</u> of two	<b>11</b> <u>Half</u> of twenty-two	<b>12</b> The <u>dividend</u> in twelve divided by six
<b>13</b> The number <u>equivalent</u> to one ten and three ones	<b>14</b> The <u>numerator</u> of fourteen-nineteenths	<b>15</b> The next number in the <u>sequence</u> zero, five, ten, . . .	<b>16</b> The number of <u>ounces</u> in one <u>pound</u>
<b>17</b> Thirty seven minus two sets of ten	<b>18</b> The value of two dimes minus two pennies	<b>19</b> Fifty nine minus the value of six <u>nickels</u>	<b>20</b> <u>Round</u> nineteen to the nearest tens
<b>21</b> Forty <u>minus</u> nineteen	<b>22</b> A third of sixty-six	<b>23</b> Two tens and three ones	<b>24</b> The number of <u>inches</u> in two <u>feet</u>
<b>25</b> The <u>area</u> of a square with side length of five	<b>26</b> The <u>elapsed</u> number of minutes between 10:30 and 10:56	<b>27</b> The <u>difference</u> between one hundred and seventy-three	<b>28</b> <u>Double</u> fourteen
<b>29</b> The <u>sum</u> of twenty and nine	<b>30</b> The product of six and five	<b>31</b> The difference of fifty-one and twenty	<b>32</b> Water freezes at this temperature in degrees <u>Fahrenheit</u>

# REPRODUCIBLE

<b>33</b> Three less than thirty-six	<b>34</b> Forty-four minus ten	<b>35</b> The product of five and seven	<b>36</b> The number of inches in one yard
<b>37</b> The result when the digits of seventy-three are reversed	<b>38</b> Which is greater? Thirty-eight or twenty-nine?	<b>39</b> Thirteen tripled	<b>40</b> The perimeter of a square with sides of ten
<b>41</b> Twenty plus twenty-one	<b>42</b> The volume of a cube that is two by three by seven	<b>43</b> Four tens and three ones	<b>44</b> The total number of sides on eleven parallelograms
<b>45</b> The product of nine and five	<b>46</b> The perimeter of a ten-by-thirteen rectangle	<b>47</b> Half of ninety-four	<b>48</b> The next number in the pattern three, six, twelve, twenty-four, . . .
<b>49</b> Seven times seven	<b>50</b> Half of the product of ten and ten	<b>51</b> The value of two quarters plus a penny	<b>52</b> The product of four and thirteen
<b>53</b> One hundred minus forty-seven	<b>54</b> The ninth multiple of six	<b>55</b> The fifth multiple of eleven	<b>56</b> The perimeter of an octagon with seven-inch sides
<b>57</b> The elapsed number of minutes from 2:59 and 3:56	<b>58</b> Which is less? Fifty-eight or five hundred and eight?	<b>59</b> Seventy-eight minus nineteen	<b>60</b> The number of inches in five feet
<b>61</b> The product of seven and ten then minus nine	<b>62</b> The value of two quarters, two nickels, and two pennies	<b>63</b> The product of nine and seven	<b>64</b> The area of an eight-inch square

<p style="text-align: center;"><b>65</b></p> <p>The next number in the pattern twenty-five, thirty-five, forty-five, . . .</p>	<p style="text-align: center;"><b>66</b></p> <p>Double thirty-three</p>	<p style="text-align: center;"><b>67</b></p> <p>The difference between five and seventy-two</p>	<p style="text-align: center;"><b>68</b></p> <p>The perimeter of a square with each side measuring seventeen units</p>
<p style="text-align: center;"><b>69</b></p> <p>Triple twenty-three</p>	<p style="text-align: center;"><b>70</b></p> <p>Round sixty-six to the nearest ten</p>	<p style="text-align: center;"><b>71</b></p> <p>The difference between one hundred and twenty-nine</p>	<p style="text-align: center;"><b>72</b></p> <p>The first even number greater than seventy</p>
<p style="text-align: center;"><b>73</b></p> <p>The first odd number greater than seventy-two</p>	<p style="text-align: center;"><b>74</b></p> <p>Six more than sixty-eight</p>	<p style="text-align: center;"><b>75</b></p> <p>Three-quarters of one hundred</p>
