

Figure 4.12: MSCT Guiding Questions for Standardized Assessments

Multi-School Interim Data Guiding Questions	
<i>Are we trending upward? Are we achieving growth?</i>	
How did our students do in comparison to:	
Other schools like ours?	Other grade levels within our schools?
The district average?	Other MSCTs within the district?
How do we compare with last year's interim data?	
Which standards did students master?	What are your thoughts on why?
For which standards did students need improvement?	What are your thoughts on why?
For which standards did students have low achievement?	Did we teach those standards? To what level of proficiency did we teach?
How will we embed skills that students struggled with in upcoming units?
