

Game Card Checklist

Directions: Use this checklist to guide you when making game cards based on a text. You may work with a partner if you choose.

- ☐ Create at least ten game cards.
 - ☐ Some game cards can be true or false, multiple choice, or fill in the blank.
 - ☐ Other game cards can be open-ended questions or prompts.
-
- ☐ Neatly write each game card or use an electronic device to type.
 - ☐ Write the question or prompt on one side.
 - ☐ Write the answer on the other side along with a point value that reflects the difficulty level of the question. Write “1 space” for basic questions, “2 spaces” for moderately challenging questions, and “3 spaces” for difficult questions.
 - ☐ All questions and prompts need to be thoughtful. All answers must be accurate.
 - ☐ Use proper spelling and punctuation.
