

Setting Yearlong Academic Goals

Collaborative team: _____

Date: _____

Select an essential standard around which to create a yearlong SMART goal:

Does the standard have relevance? Does it relate to the real world? Does it relate to other subjects?

☐ Yes ☐ No

Does the standard have endurance? Will it come up over and over in a student's career?

☐ Yes ☐ No

Will the standard be assessed on the year-end summative assessment?

☐ Yes ☐ No

Does the standard have leverage? Does mastering this standard lead to understanding future concepts?

☐ Yes ☐ No

Rationale, including past data, for selecting this standard:

To be on track to meet this goal at the end of the year, our thirty-day goal is:

Are we on track?

☐ Yes ☐ No

If not, the actions we need to take are:

To be on track to meet this goal at the end of the year, our sixty-day goal is:

Are we on track?

☐ Yes ☐ No

If not, the actions we need to take are:

To be on track to meet this goal at the end of the year, our ninety-day goal is:

Are we on track?

☐ Yes ☐ No

If not, the actions we need to take are:

After meeting our ninety-day goal, we will reassess and create new thirty-, sixty-, and ninety-day goals to keep us on track toward our yearlong goal.
