

Building a School Leadership Team

This activity is designed to help a principal or administrative team create an effective school leadership team.

First, list the names of the current members of what you might consider to be your guiding coalition. If no such group currently exists, list the potential members who come to mind.

Then consider the following personal characteristics that will impact your team's success. Write the name of each team member under any characteristic that applies (a person may be listed under more than one). Eliminate any person from your list who possesses none of these characteristics. Note that it is recommended that a member of each teacher team be on the leadership team. Does your team have the necessary balance?
