

## Ensuring Access to Essential Grade-Level Curriculum

Review all leadership team responsibilities. Designate a team member (or two) to form and lead a committee of stakeholders for discussing each responsibility, assessing the current reality, and gathering and presenting recommendations. Designate a time frame and deadline for each committee. Reach consensus on decisions and action steps, with the understanding that all decisions and actions must be revisited and re-evaluated for effectiveness over time.

Leadership Team Responsibilities	Leadership Team Lead	Current Reality	Committee Input	Time Frame for Committee Work	Decisions and Action Steps
1. Identify essential standards.					
2. Dedicate specific times in the master schedule for teaching essential standards.					
3. Eliminate below-grade-level learning tracks.					
4. Guarantee all students receive essential grade-level curriculum as part of their Tier 1 core instruction.					
5. Identify and provide interventions for students needing Tier 1 support in grade-level curriculum.
