

## Figure 2.7: Analyzing Graded Assignments

Before completing this graded assignment, I practiced or studied by:

- Reading over my notes
- Doing practice problems
- Making my own practice test or practice questions
- Using flashcards
- Playing a game
- Rereading the textbook or teacher-provided articles
- Trying to recall as much as I can and then checking what I remember with my notes
- Making my notes into a map, diagram, or timeline
- Teaching the material to someone else
- Having someone quiz me or studying with a group
- Creating a mnemonic or way to help myself remember
- Other \_\_\_\_\_

I missed questions due to the following reasons (make a tally):

I didn't know the answer	I didn't understand the question	I learned it but I couldn't remember	I misread the question

List the questions you missed, correct your answers, and share why you missed each question in the following space (attach a separate piece of paper if needed).

Do you see any patterns or connections between the questions you missed?

## REPRODUCIBLE

Before doing this graded assignment:

- I did not prepare, or I have not seen this concept before the graded assignment
- I worked on this concept or studied the day or night before
- I worked on this concept or studied two or three days before
- I worked on this concept or studied four or five days
- I worked on this concept or studied at least a week in advance of this graded assignment

Were you prepared for this graded assignment? If not, what would you do differently in the future?

Based on the questions you missed, what do you still need to work on?
