

Figure 3.1: Animals in the Classroom Allergy Questionnaire for Parents

Parent Name: _____

Student Name: _____

Date: _____

We will be holding and interacting with a variety of live animals in science class this year. Most of the animals students will be interacting with are snakes, lizards, tortoises, rabbits, hedgehogs, and millipedes. These animals are safe for students to handle. Students will also be viewing, but not holding, some venomous animals like tarantulas and scorpions. Please complete this questionnaire to help me better understand the needs of your child.

1. Has your child ever had allergic reactions to mammals or birds? (Circle one.)

YES NO

If yes, please list the names of the animals:

2. Has your child ever had an allergic reaction to insects or other types of bugs? (Circle one.)

YES NO

If yes, please list the names of the bugs:

3. Do you have any other concerns about your child being around animals? Please describe.

If you have any questions or concerns, please email me anytime.

Thank you.
