

Extension Menu for Upcoming Unit of Study

Student name: _____ Unit: _____

Directions for students: Once you have demonstrated mastery of the essential outcomes in our current unit of study, extend your learning by completing one of the tasks in the following menu. When you are finished, design a strategy for sharing what you have learned with your teacher.

Working Beyond Grade-Level Proficiency	Studying Nonessential Curricula
Studying Above Grade-Level Curricula	Studying Real-Life Examples of Essential Outcomes in Action

Planning Questions to Consider:

1. Which task do you most want to complete? Why?

2. Brainstorm three different strategies for sharing what you learn with your teacher:

3. Which of those strategies will be the easiest to complete? The hardest? Why?

4. Which strategy will give you the best chance of showing what you have learned?
