

Practice Test Tracking Template

Directions for teachers: To develop a tracking template for an upcoming practice test, you will need to: (1) create a numbered list of all key learnings for your current unit of study in the empty box under step one and (2) align each question on your practice test to one of your key learnings in the second column under step two.

Student Name: _____

Step 1: Complete Before You Take Your Practice Test

Directions: Review the key learnings for our _____ unit. While reviewing, complete the following reflection questions.

KEY LEARNINGS FOR OUR UNIT ON _____	
Question	Your Response
List three new things that you have learned during this unit. What do you know now that you did not know before? What can you do now that you could not do before?	
Which of the key learnings from this unit do you think you have already mastered?	I think that I have mastered the following key learnings:
Which of the key learnings from this unit are you still working to master?	I am struggling to master the following key learnings:
What tips or tricks can you use when answering questions related to our key learnings on our upcoming practice test? Are there particular strategies that you can use? Phrases or acronyms that you can remember?	

Step 2: Complete During Your Practice Test and While We Are Reviewing Answers Together in Class

Directions: Use the left-hand side of the table to keep track of the questions that are hard for you to answer on our practice test. Then, use the right-hand side of the table to develop a plan for yourself while we are scoring our practice test together in class.

		While you are TAKING your practice test, place an X in the column below that best represents your feelings about your answer to each question.			While you are REVIEWING your practice test, place an X in the column below that best represents your feelings about your answer to each question.

Step 3: Complete After You Take Your Practice Test

Directions: Answer the following questions to build a study plan for your upcoming end-of-unit test.

Question	Your Response
<p>How accurate were your initial predictions?</p> <p>Before we took our practice test, you listed the key learnings that you thought that you had mastered already and that you were still working to master.</p> <p>Look back at your practice test tracking template. How did your pretest predictions match with your actual results?</p>	
<p>What key learnings have you already mastered?</p> <p>Remember: Knowing what you have already mastered will help you to better focus your preparation time for our upcoming unit test.</p>	
<p>What are the most important things for you to study?</p> <p>Which key learnings are giving you the hardest time? How will you review these key learnings before our upcoming unit test?</p>	
<p>What do you need to spend time reviewing?</p> <p>Which key learnings confused you on our practice test? What kinds of simple mistakes were you making that you can quickly correct before our upcoming unit test? Which questions were you unsure of on our practice test? What steps can you take to prepare for those questions on our upcoming unit test?</p>	
<p>List three things that you will do to prepare for our upcoming test:</p> <p>Will you review your notes? Will you attend a review session with your teacher? Will you practice with a peer during class time or recess? Will you ask for more practice problems to complete? Will you ask an adult to quiz you?</p>
